The Santander Mobility Award 2017-18

Dear Nurgissa

I am delighted to inform you that you have been awarded a Santander Mobility Award to assist you in your 2017-18 research trip. This Award has been made on the basis of academic merit and your strong personal statement about the value of the trip to your research. It is tenable for a period of one year and provides £1000.

The Award is funded directly by Santander, who are committed to investing in University education globally. Imperial has joined the Santander Universities Network, which provides universities across the world with scholarships and other funding. At Imperial, Santander provide scholarships, mobility awards and entrepreneurship prizes. Mobility awards provide Imperial staff and students with the opportunity to further their studies abroad and in doing so, enhance international academic collaboration and boost their own cultural development.

We would therefore be very grateful if you would provide the College with a short report or statement regarding the outcome and learning from your trip after your return, as it helps to demonstrate the value of such awards. The Office of Advancement will contact you directly to organise the submission of your report.

Remember, you are responsible for making sure you understand the [Terms and Conditions](#). Please ask us about any T&Cs which you feel are unclear.

An additional requirement of the award is that you are available to participate in events surrounding this scholarship, which may include meeting the funders.

Congratulations again on being selected for this award!

Kind regards

Louise Ménard
Student Financial Support Manager
